Remember!!!

Research shows that just 15 minutes of reading a day seems to be the “magic number” at which students start seeing substantial positive gains in reading achievement. Students who read just over a half-hour to an hour per day see the greatest gains of all.

Please keep track of the books that your child reads each week! Send this back, completed, each Friday. Your child will get a treat, if complete!

	Book Title: (Have your child practice writing the title)	Reading Minutes:	Parent Initials:
