

## WHAT WE ARE LEARNING:

### Reading:

We are reading the story Wolf! We are working on visualizing the story, understanding characters, and paying attention to context clues. Our essential question for the week is "What can stories teach you?"

### Spelling:

We are working on short vowels a & i.

### English:

We are working on sentences and fragments.

### Math:

We are working on place value through the thousands place, comparing & ordering numbers, as well as rounding to the nearest 10.

### Science/Social Studies:

We are working on "Oklahoma Landforms" in Social Studies.

Here's the  
tea...

## CLASSROOM NEWS:

- This week, we are finished with reviewing 2nd grade material and we will start working on \*NEW\* 3rd grade material. Many of our assignments will be done online or via a computer. Your student has access to this in class. They can also log on from their personal devices at home. Please use the "Username & Password" card that I sent to you via ClassTag. If you have any problems logging in, please e-mail me and I will look in to it. I'm expecting a few bumps in the road this week, since we are switching to doing a lot of our work on the computers vs. paper based work. I am going to be lenient with the students as we make this transition. They WILL get the hang of it, and it will all become second nature to them in no time.
- Every Monday, I will be sending home our Spelling and Vocabulary words for the week. These words can also be accessed on my class website, as well as in the Google Classroom that your student has access to.
- Math assignments will generally be paper-based. I CAN assign the math via computer, but I'm really hesitant to do so, because I would prefer the students to be able to work out their math problems. I will only assign the math via computer if we are forced to go Distance Learning.
- Please contact me if you have any questions, comments, or concerns! :)
